“ I’m focused on Creating
Meaningful Experiences
Through Design ”

EXPERIENCE

Tata Consultancy Services - UX/UI Designer (Full Time)

Sep, 2019 - Present • New Delhi, India

- Designed and optimized digital experiences for products, services, and large-scale environments across multiple platforms.
- Led the design and user experience for web applications catering to 4 lakh users, improving efficiency and usability.
- Collaborated with cross-functional teams (product managers, developers, stakeholders) to align design strategies with project goals.
- Independently led feature development cycles from research and conceptualization to execution and developer handoff.
- Contributed to one of India’s largest health schemes by simplifying workflows and improving accessibility for users.
- Improved procurement, auction, and bidding processes for a major government e-commerce platform by optimizing key user journeys.
- Maintained brand and visual consistency by implementing scalable design systems across diverse platforms.
- Presented design concepts to stakeholders, incorporated feedback, and iterated on designs in alignment with agile methodologies.
